REPORT

A Webinar on **Fundamentals of Antenna and It's Design Tools** was organized by Department of Electronics and Communication Engineering on 27-02-2021 at 11.00 a.m. to 12.00 noon, to motivate the students to involve in Antenna Domain and also the students to get more ideas on latest tools in smart antenna design.

The program was delivered via Google meet.

Google Meet Link : <https://meet.google.com/myk-osjm-wuu>

Ms.T.Swetha, **PG Student –Wireless Technology, Anna University (MIT Campus), Chennai** was the resource person.

The webinar begins at 11.00 a.m, Mr.P.Raja Pirian AP/ECE welcomes the resource person and the gathering, followed by Ms.G.Latchaya Sri, UG Student, introduced the chief guest. Mrs.N.Mangaiyarkarasi, HoD/ECE delivered the inaugural address.

Ms.T.Swetha, briefed the concepts of Antenna, Basic Electromagnetic Theory, Boundary Conditions and Excitations, Computational Electromagnetics, HFSS simulation basics and analysis setup, Reconfigurable Antennas · MIMO Antennas , Metamaterial Design and Analysis.

In her presentation, she demonstrates a simple smart antenna and shows the simulation and the technology of fabrication also. Finally she explains the need for antenna designers towards communication sectors such as Mobile, Satellite and Radar etc.

The students were actively involved in the entire sessions. Finally Mrs.U.Jeyamalar, AP/ECE delivers the vote of thanks.

Total of 114 students were participated in the workshop; 105 students from our college and the remaining participants from other Engineering colleges from Tamilnadu.

Mrs.N.Mangaiyarkarasi, Academic coordinator delivered the inaugural address after that the chief guest was honored by Mrs.N.Mangaiyarkarasi. Finally Prof.E.Venugopal relivered the chief guest address. Immediately the 1st session begins with theory session by Prof.E.Venugopal, his lecture covers various topics in PCB design such as basics of printed circuit board, need for PCB, artwork generation, lamination & Image transfer techniques, plating, etching and also about Surface-mount technology finally he gave information on career opportunities in PCB Design.

After the Lunch break The 2nd session which was hands on session, the resource person give a demonstration on how to prepare a complete printed circuit board for simple circuits. The students actively involved in the entire sessions. The program ends with valedictory function. The chief guest delivers the certificates to the participants. Finally Mr.W.Newtondavidraj AP/ECE, coordinator of the workshop delivers the vote of thanks.

Nearly 38 students were participated in the workshop; 30 students from our college and the remaining participants from KSK Engineering college.

SYMPOSIUM REPORT

The Department of Electronics and Communication Engineering conducted a National Level Technical Symposium on 20.09.2018. This technical symposium e-Blast SLV 2K18 aims at encouraging the participants to explore their technical skills and enhance their conceptual knowledge. Symposium is a platform where students can share their ideas, knowledge and can learn new things.

The event started with the formal inaugural function at 10.30 am in the presence of Head of the Department, Chief Guest Dr.R.Amirtharajan, Associate Professor/SEEE, SASTRA, Thanjavur and Special Invitee Mr.A.Athiraja (Alumni) Assistant Professor/ECE, Rethinam Technical Campus, Coimbatore presided over the function. The function started with "Thamilthai Vazthu" followed by the welcome speech given by President of e-Blast SLV2K18 Mr.J.Tamilselvan, final year student of ECE.

Mr.R.Sathyaraj, symposium Coordinator introduced the chief guest. Mrs.N.Mangaiyarkarasi, Head of our Department, delivered presidential address. Mr.M.Ajay, Vice President of e-Blast SLV2K18, final year ECE Student proposed vote of thanks.

Chief Guest Dr.R.Amirtharajan delivered a talk on "Image Processing". Special Invitee Mr.A.Athiraja addressed the students to get themselves prepared as the Industrial Needs. Students from various colleges from Tamilnadu had participated in Technical and Non Technical Events. A total of 90 students from other colleges participated, out of which 20 students participated in paper presentation, 24 students participated in Inquizitive, 23 students participated in Techno Bond, 23 students participated in Brainstroming Circuits. A total number of 120 students (internal & external) participants participated in 10 different Non-Technical Events. At the end of the Session, students from other colleges shared their experience about e-Blast SLV2K18.

Valedictory function was conducted and Cash Prizes with medals were distributed to the winners of Technical Events. Winners of Non Technical Events were appreciated with Prizes. The event was concluded by thanking management, Secretary, Principal, Vice Principal, HOD, Faculties, Non teaching staff and all student coordinators who worked for this event to make this event a grand success.

She explained the requirements of an embedded system, specifications & design of products for automobiles industry. She insisted that corporates prefer their own software development tools for the design and testing of products. Through the guest lecture, the students gained technical knowledge on embedded system applications in the field of Automobiles. The session was informative and the students were interactive and inspired.

About the Institution
Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and underprivileged students. KCE is approved by All India Council for Technical Education (AICTE), New Delhi and is affiliated to Anna University, Chennai. The institution was established in the year 2001 on a sprawling campus of around 60 acres on the Thanjavur - Pudukkottai Highway and run by Raj Educational Trust (RET), Chennai. The institution offers five UG and four PG programmes, certified with ISO 9001:2008 and accredited by NAAC. The state of the art teaching methodologies are used to impart high quality education to the students including e-learning.
About the Department
The Department of Electronics and Communication Engineering was established with state of art laboratories in the year 2001. It is continuously upgrading the infrastructure and laboratory facilities with the emerging technology as per the industrial needs. The department is recognized as research centre for collaborative research by Anna University, Chennai. A significant number of research projects funded by government and non-government organizations viz. DRDO, MCIT, AICTE New Delhi, TNSCST, Chennai and Texas Instruments USA have been successfully carried out.
About the Workshop
The main objective of the workshop "Web App Development " is to help the students to understand the real life web development and become a web developer using latest tools and trending technologies of current and future. The course outline is designed in such a manner that almost no prior knowledge is required to master the technology. Once completed the course successfully, the students are going to have their own live websites and clear understanding of how do real time web developers work in MNCs and other software companies.

Who Can Participate

UG Students from ECE, CSE & PG Students

Topics Covered
<ul style="list-style-type: none"> ✓ Introduction about Web application development ✓ Basics of HTML & CSS ✓ Introduction of JavaScript ✓ Basic Java programming for server side Programming ✓ Practical session (you will design your first website on your own)
Requirements

About the Workshop

Embedded system is the core of every intelligent device. Everything around us from a simple watch to the space ship is using embedded systems. Mobile phones, PDAs, Washing Machines, Microwave Ovens, Automobile and all the automated electronics gadgets are having one or another form of embedded systems responsible for their intelligent functioning. This training program is suitable for beginners to create applications using embedded systems. The hands on training in electronic system design will help the students to carry out their project work and develop their own applications.

Session Details

Topics to be covered in training

1. Introduction to Embedded C
2. Embedded C Constructs & Data Formats
3. Mapping 8051 Architecture to Embedded C
4. Introduction to KEIL Cross-Compiler & its features
5. General Discussion & Overview of Embedded Systems
6. 8051 microcontroller: Architecture & Pin Diagram of 8051
7. Hardware Details: SFRs, Ports, Timers, Counters Interrupts & Serial Programming Techniques
8. I/O Device interfacing
9. LCD and keyboard interfacing
10. ADC, DAC and sensor interfacing
11. Relay, Optoisolator and stepper motor interfacing

Report – One Day Training on Electronic System Design for Polytechnic Students

Department of Electronics and Communication Engineering and **IEEE Student Branch** of our college organized a **One Day Training on Electronic System Design for Polytechnic Students** on 28th February, 2018. The objective of this training program is to help the students to carry out their projects and develop their own applications using embedded systems.

Resource persons:

- Mr. T. Pasupathi, AP/ECE, KCE
- Mr. T. Jeyaseelan, AP/ECE, KCE
- Mr.P.Rajasekar, Project Engineer, V3 Technologies, Thanjavur.

Coordinators:

1. Mr.P.Raja Pirian, Assistant Professor/ECE
2. Mr.T.Pasupathi, Assistant Professor/ECE
3. Mr.A.Herald, Assistant Professor/ECE

Inaugural Session:

The dignitaries on the Dais during the inaugural session were Dr.J.Arputha Vijaya Selvi, Principal, KCE, Mrs. N. Mangaiyarkarasi, Ac. Coordinator / ECE and the Program Coordinator. The program was started with Thamizh Thaaai Vaazthu followed by welcome address delivered by Mrs.N.Mangaiyarkarasi, AP/ECE. Dr. J. Arputha Vijaya Selvi, Principal delivered the inaugural address. In her inaugural address, she advised the students to do their projects on their own. Also she insisted the students to continue their career by proceeding with undergraduate, post graduate and to end by completing their doctor of philosophy. While concluding, the major devices and technology used in our day today life employ embedded systems and ask the participants to utilize their knowledge to create such applications.

Welcome Address by Mrs. N. Mangaiyarkarasi

Inaugural Address by Dr. J. Arputha Vijaya Selvi

Session 1- Overview of Electronic System Design using Case Study by Mr.T.Pasupathi, AP/ECE, KCE.

During the session, the resource person shared the need for embedded systems in our daily life. Also he explained the design of electronic systems using various methods. A case study on various applications using embedded systems was demonstrated.

Faculty from Polytechnic college honored by Principal

Mr. T. Pasupathi delivering lecture

Session 2- Applications of Embedded Systems by Mr.T.Jeyaseelan, AP/ECE, KCE.

During the session, the resource person shared the applications of embedded system with suitable examples. Also he shared his experience in designing a embedded system for various applications and the challenges faced during development.

Mr. T. Jeyaseelan delivering lecture

Mr. P. Rajasekar delivering lecture

Session 3- Electronic System Design – Demonstration by Mr.P.Rajasekar, V3 Technologies.

During the session, the resource person started with the origin of embedded systems. Also he briefed on the generation of microcontroller and the processor available in the market. He listed the various I/O devices with examples in real-time. He gave a demonstration of hand held gadget for the differently abled using various sensors and design aspects.

Valedictory Function:

The participants shared their feedback about the training programme. Dr. S. Sivakumar, Vice Principal, KCE delivered the valedictory address. In his valedictory address, he advised to refer the four major key hand books required for electronic design engineers. The dignitaries issued certificates to all the participants. Mr. A. Herald, AP/ECE delivered the vote of thanks. Finally the program ended with National anthem. Sixty students along with three faculty members from various polytechnic colleges participated and got benefited.
