

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING
Academic Year 2020-21(Even SEM)
IEEE STUDENTS BRANCH STB 16621- May, 2021
INTERNAL STAFF TECHNICAL SEMINAR

24.05.2021

Department of Electronics and Communication Engineering & IEEE Student Branch STB 16621 jointly organized a Technical Seminar on “**Evaluation of Optical MIMO Transmission through Multicore Fiber Links with an Optical Switch**” on 24.05.2021. Mrs.N.Mangaiyarkarasi, HOD/ECE welcomed the participants. **Mr.R.Balakrishnan**, Assistant Professor/ECE delivered lecture through Google meet platform. In his lecture, he briefed the significance of Multiple-Input and Multiple-Output (MIMO) signal processing technique to eliminate the interference caused by crosstalk along Space Division Multiplexing (SDM) links. Mr. T. Pasupathi, AP/ECE proposed vote of thanks.

Mr.R.Balakrishnan, AP/ECE, delivering the lecture.
